Agawa Canyon is famous for its rugged beauty and the Chapleau Game Preserve is a 3,000 square mile / 8,000 square km Wildlife Sanctuary. Errington's Wilderness Island Resort has connected these two great natural attractions for a unique 2 day rail excursion. You can enjoy a scenic day long train ride from Sault Ste Marie, with approximately a 2 hour stop in Agawa Canyon, to a secluded overnight nature discovery experience at Al & Doris Errington's Wilderness Island Resort. Comfortable accommodations, great meals and pontoon boat nature tours where you can learn about our wild neighbours and the Boreal Forest we live in. Daily sightings of Loons & Bald Eagles, and chances of seeing and photographing Moose, Black Bear, and other wildlife are good.
